

CLEANTM

Sanitizer and Udder Wash

Description Clean is a heavy duty iodine based detergent-germicide for washing and sanitizing cow's teats prior to milking. It is also used for sanitizing milking equipment such as tanks, claws, buckets and utensils.

Benefits / Features

- Mild, when used as directed.
- Contains iodine, a very broad spectrum germicide.
- Excellent germicidal udderwashing detergent.
- As an equipment sanitizer, non-corrosive to stainless steel when used according to label directions.
- No rinse needed at 25 ppm use dilution.
- Performance not affected by hard water.
- Gentler on equipment, unlike chlorine products.
- Non-irritating to hands and teats.
- EPA approved sanitizer; FDA approved udderwash.

Directions Dilute Clean at 1 ounce per 5 gallons of warm (105°F) or cold water. This provides 25 ppm of iodine for sanitizing solutions. Follow label for use directions.

Safety Information **DANGER! KEEP OUT OF REACH OF CHILDREN!**
CORROSIVE. Causes irreversible eye damage or skin burns. Harmful if swallowed, absorbed through skin, or swallowed. Do not get in eyes, on skin, or on clothing. Avoid contact with eyes and skin. Wear goggles or face shield and rubber gloves when handling this product. Remove contaminated clothing and wash before reuse.

Consult your Material Safety Data Sheet for additional safety information.
