

UDDER-DYNE™

Udder Wash

Description Udder-Dyne udderwash contains powerful antimicrobial iodine to effectively kill a broad spectrum of mastitis causing organisms on dairy cow teats and udders. Mild, but effective detergents help cut through tough organic soil without irritation to hands or to cow's teats.

Benefits / Features

- A cost effective udder wash.
- Helps improve your herd's overall udder health.
- Makes teat cleaning easier and faster.
- Gentle on cows and milker hands.
- Performs in hard water conditions.
- FDA registered.

Directions Udder-Dyne is concentrated. One ounce makes 5 gallons of udder wash. See label for complete instructions on use.

Safety Information **DANGER! KEEP OUT OF REACH OF CHILDREN!**

Eye Contact: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes. Then continue rinsing. Call Poison Control Center or doctor for treatment advice.

Skin Contact: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call Poison Control Center or doctor for treatment advice.

If Swallowed: Call a Poison Control Center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the Poison Control Center or doctor. Do not give anything by mouth to an unconscious person.

If Inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call Poison Control Center or doctor for treatment advice.
